

Welcome to your May 2025 edition of GMDN Focus.

GMDN AGENCY ATTENDS MEDTECH FORUM 2025

Our GMDN Senior Nomenclature Developers, Edward Glenn, attended the MedTech Forum 2025 in Lisbon.

He said: "A very interesting and engaging MedTech Forum 2025. Experts explored how future regulations and structured data can drive smarter product analysis and innovation. Highlights included the role of AI in devices and the push for a unified European Health Data Space to boost safety and competitiveness."

The event was a fantastic opportunity to connect with industry leaders and discuss the future of medical technology. We're excited to see how these insights will shape the future of healthcare.

GMDN SPEAKING AT THE FIFTH WHO GLOBAL FORUM ON MEDICAL DEVICES

Senior Clinical Lead at the GMDN Agency, Dr. Barry Daniels, will be presenting at the Fifth WHO Global Forum on Medical Devices that is being held on 2 – 5 June.

He will be on the panel for the Nomenclature of Medical Devices session, which will cover the nomenclature of medical devices in WHO databases such as: MeDeVIS, MeDevPacks, UHCC.

Details of the event and how to register can be found [here](#).
